VOLUME 6  
NUMBER 19  
MARCH 8, 1974

## 1974 - 75 B.I.U. VALUE

After consideration of the recommendations of the Committee on University Affairs, the value of the Basic Income Unit (BIU) for 1974-75 has been set at \$1,955. This represents an increase of 7.1% over last year's value of \$1,825 and is a substantial part of the growth in total provincial government support for post-secondary education next year. This increase plus the extra-formula grants being provided reflect an increase in total operating grants of 11.2% over 1973-74.

Recommendations affecting extra-formula grants have also been approved. Based on a CUA assessment considering mix, size, and location, supplementary grants totalling \$6,155,000 will be made available in 1974-75 to Brock, Carleton, Lakehead, Laurentian, Trent and York Universities, the University of Windsor and Algoma, Nipissing and Hearst Colleges. Approval has also been given to recommendations made in the CUA assessment of the individual needs of institutions offering bilingual programs. Bilingual grants totalling \$2,795,000 will be made in 1974-75 to Ottawa and Laurentian Universities and Hearst, Sudbury and Glendon Colleges.

## Forestry Grad Wins Award To Australia

Joanne Stupendick, the first woman graduate of the Forestry Degree Program at L.U., is going to Australia to study for her Ph.D. When she received the letter indicating that she had been chosen for the award she was both pleased and surprised as the award is offered worldwide and open to anyone in any faculty. Miss Stupendick expects to spend her three years there studying plant physiology and root regeneration although this could change slightly to adapt to conditions in Australia.

Miss Stupendick, a native of Thunder Bay, has spent the last year at L.U. as a technical assistant in Forest Culture and Silviculture. She feels very strongly about the regeneration of forests and thinks that the present policy in Ontario is not serving its purpose very well. Although a large percentage of Australian forests are tropical there are some areas with forests similar to those in Canada. Its in these areas that Miss Stupendick hopes to concentrate her research as she plans to return to Canada when she has finished.

When Miss Stupendick leaves here in August, in time to catch the Australian summer, she will be a registered forester. Her academic standing here has been excellent with the highest average in her graduating class, an honours first class, and the Dean's Gold Medal for the highest mark in silviculture. With such a solid academic background Miss Stupendick will certainly do well in Australia.

## A.P.E.N.W.O. '74

The Association of Professional Educators of Northwestern Ontario recently gathered at Lakehead University for their Annual Meeting. Their theme being "What Is The Best Kind Of Educational Experience That We Can Provide Adolescents In Our Schools In The 70's?"

Two speakers, Dr. Bergman, Chairman of the Intermediate Cyclic Review Committee of the Ministry of Ontario, and Dr. J.M. Beniskos, a professor at the University of Ottawa, were invited to present their ideas on adolescents.

Although I missed Dr. Bergman's talk I was fortunate enough to hear most of what Dr. Beniskos had to say. From a frequently humorous slant, he spoke about facts and myths that teachers today have, and many people in the past have had, concerning children in their teenage years. In a rather flamboyant manner, Dr. Beniskos talked about the reaction of both parents and teachers to today's "Media Generation" who apparently have adopted a different set of values. At the end of his talk Dr. Beniskos presented a slide show, produced by some Junior High and Secondary School students hoping to show that Today's Youth still has some of the problems, fears, and unanswered questions, that have bothered many generations of young people.

Dr. Angus, Dean of the Faculty of Education at Lakehead, was the Dinner Speaker at the Airline Motor Hotel. Dr. Angus spoke on the "Achievements and Aspirations of Teacher Education at Lakehead University". Even though he felt at times that the word "aspirations" should be replaced by "exasperations". He thought that today there were too many "professional people" giving solutions to problems in education, who had lost contact with the general public and their ideas on education. This summer at Lakehead University, Dr. Angus hopes to establish a Master of Education with the further "aspiration" of extending this to the Continuing Teacher Education programme. He is also quite optimistic that the Faculty will be able to start a programme for training Indian teachers for Indian schools in

## Loyalty at Lakehead

After winning a Gold Medal in the Commonwealth Games, Lakehead University wrestler, Terry Paice, appeared on national television wearing a U.B.C. shirt. Noting that Terry's enthusiasm for Lakehead is not any less than it should be, something all of us never really doubted, both he and his coach, Gord Garvie, offered us proof of Terry's loyalty which we think will correct the situation.

## Four Gold in Wrestling

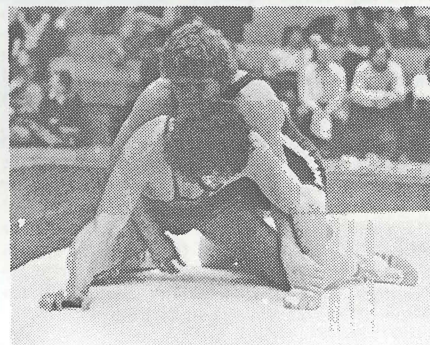

Photo By M. O'Dwyer

In the C.I.A.U. Wrestling Finals, held at Lakehead, Four G.P.A.C. wrestlers won Gold Medals. The winners were: Cheyenne Ashukian, Harry Curtis, Elvin Martin and Terry Paice. Overall, L.U. wrestlers picked up eight medals for G.P.A.C. with Ontario wrestlers earning ten.

## People

Dr. Norm Lavoie, Assistant Professor of Physical and Health Education spoke at the Annual meeting of the Board of Governors of the Victorian Order of Nurses (Lakehead Branch) held at the Airplane Motor Hotel on Monday, February 25. Dr. Lavoie spoke on "Physical Fitness for Canadians".

### Assistant Deputy Minister Leaves

Alan P. Gordon, Assistant Deputy Minister for University Affairs joins the Ministry of Community and Social Services this month as Assistant Deputy Minister with responsibility for program development. Mr. Gordon has been with the Ministry of Colleges and Universities since 1967. Previously he was Assistant to the President at the University of Waterloo. No replacement has been named to fill the vacancy as yet.

### Cabinet Shuffle

The Honourable William G. Davis has announced the appointment of the Honourable James A.C. Auld as Minister of Colleges and Universities. Mr. Auld has been Minister of the Environment since February, 1972. His previous portfolios include Public Works, Tourism and Information, and Transport.

The Honourable Jack McNie will continue in the Cabinet as Minister without Portfolio. In announcing the new appointments, Mr. Davis stated that Mr. McNie has established "a fine record in a very demanding Ministry" and for health reasons has requested a lessening of responsibilities.

### En Francais

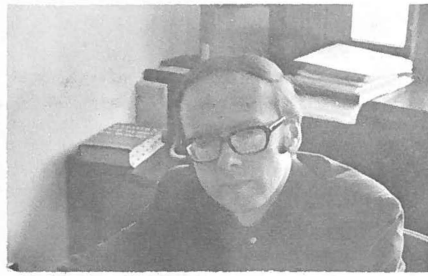

On March 12, the Cine-Club presentation for Thunder Bay Television is *Reve Clement's Jeux Interdits*. Produced in 1952, the movie transports you into the world of a child troubled by war but also by love. A small girl is adopted by country folk after the death of her parents. She meets a young boy and falls in love.

### Les Sequins

If you happened to catch the brilliant performance by this twin brother-sister act you won't want to miss seeing them again. Coming from Quebec, the two siblings dazzled the crowd at Confederation College February 3rd with their "tight" rendition of self-compositions and folklore songs. On March 19 at 8:30 p.m. and again on March 20 at 9:00 p.m., "Dans Le Sillon des Voyageurs" presents a 30' interview with Les Sequins. For the non francophones, the songs they 'do' speak with a universal language. On the same programme, V. Belanger recounts the story "En Raquettes" about a fur trader who makes a historical trek through the woods on snowshoe and Anita Stewart presents "Songs in Class" with the children from Five Mile and Shuniah Schools.

### Remaining Speakers in Winter Lecture Series

Dr. T.C. Hutchinson, Institute of Environmental Sciences and Engineering University of Toronto. "Heavy Metal Pollution of Canadian Environments". March 14, 1974. 8:00 p.m. Lower Lecture Theatre. Coffee hour in Faculty Lounge afterwards.

The University of Wisconsin Extension Program is offering a Weekend Seminar on April 19th and 20th, at Northland College, Ashland. The theme for this session is "Canada and the United States: A Case Study in Interdependence". The Seminar is expected to look into the two national economies, the environment and international affairs.

Dr. J.D. Wilson, of the Lakehead History Department, will be one of the faculty addressing the seminar. His talk will be on "Historical Relations Between Canada and The United States", emphasizing that friendship between the two has only developed since the early 1920's. It should be noted that it was as recent as 1903, when Canadian and American relations reached a low point over the Alaska Boundary situation. Although Dr. Wilson is going to be the only Canadian speaking at the seminar, it's hoped that some interested Canadians will attend and participate in some of the topics to be discussed. For more information about the seminar contact either Dr. Wilson at the History Department or Michael Winder, Information Office.

### French Music Concert: Sunday, March 10

A special program of French music is to be offered under the joint sponsorship of Thunder Bay French Television, Thunder Bay Symphony Orchestra and Lakehead University French Club.

Directed by Mr. Douglas Dahlgren, the concert will take place in the Faculty of Education theatre on Sunday, March 10 at 8:30 p.m.

The program will include works of representative French composers from the baroque period to the present day. During the performance, Mr. Alain Nabarra, professor of French Literature at Lakehead University will comment on the composers and the cultural life in France at the time of composition. Monitor North (a local community television film group) will video tape the production for viewing on Thunder Bay French Television - "Dans Le Sillon des Voyageurs".

All seven resident professional musicians have offered their services on this occasion.

A nominal admission charge of \$1.00 (50¢ for students) will be made to help cover expenses.

NOTE: Doors close at 8:20. Latecomers will not be admitted until the first intermission.

Dr. J.S. Rowe, Department of Plant Ecology, University of Saskatchewan, "Lichen Rich Areas of Northern Canada", March 19, 1974, probably afternoon.

Mr. W. Vrooman, District Engineer, Air Management Branch, Department of

## Student Placement

**Metropolitan Life** is interested in receiving applications from graduating students interested in a career in life underwriting. Deadline for applying is March 1st.

**South Peace Stock Farms Ltd.** are accepting applications for summer employment. Deadline for applications is March 15th. See the SPO for more details.

**Ontario Society for Crippled Children** are accepting applications from students interested in summer employment at their camps. Deadline for applying is March 11th.

**Voyageur Wilderness Programme** is accepting applications for summer employment. Job descriptions are available at the SPO. Deadline for applying is March 20th.

**Spruce Falls Power and Paper Co. Ltd.** are accepting applications from 1st and 2nd year Forestry Degree and Technology students for permanent and summer employment. Deadline is March 5th. Interviews to be held on March 11 and 12. Contact the SPO for further information.

**Ministry of Natural Resources - Nipigon** is accepting applications from Forestry students in all years, especially 2nd yr. Forestry and 3rd yr. Environmental students for summer employment. Deadline is March 7th. Interviews will be held in mid-March.

**Ministry of Natural Resources - Regional Office** is accepting applications from Civil Engineering students with surveying experience for work on regional survey teams involving park surveys in various Ministry regions of Ontario. Deadline is Noon, March 1st. See the SPO for further details.

**Ministry of Natural Resources - Manitowadge** will be on campus March 12th to interview Forestry students interested in summer employment on unit fire crews. Deadline is March 7th.

**Manitoba Forestry Resources Ltd.** will be on campus March 7th to interview for permanent and summer employment. For further information contact the SPO. Deadline for applying is March 6th.

**Ministry of Natural Resources - Regional Fire Centre** is accepting applications from Forestry students to work as aerial fire detection observers. Interested and qualified applicants should contact the SPO immediately.

**Ministry of Natural Resources - Geraldton** will be on campus March 8th to interview Forestry students for timber branch work. Deadline for applying is March 6th.

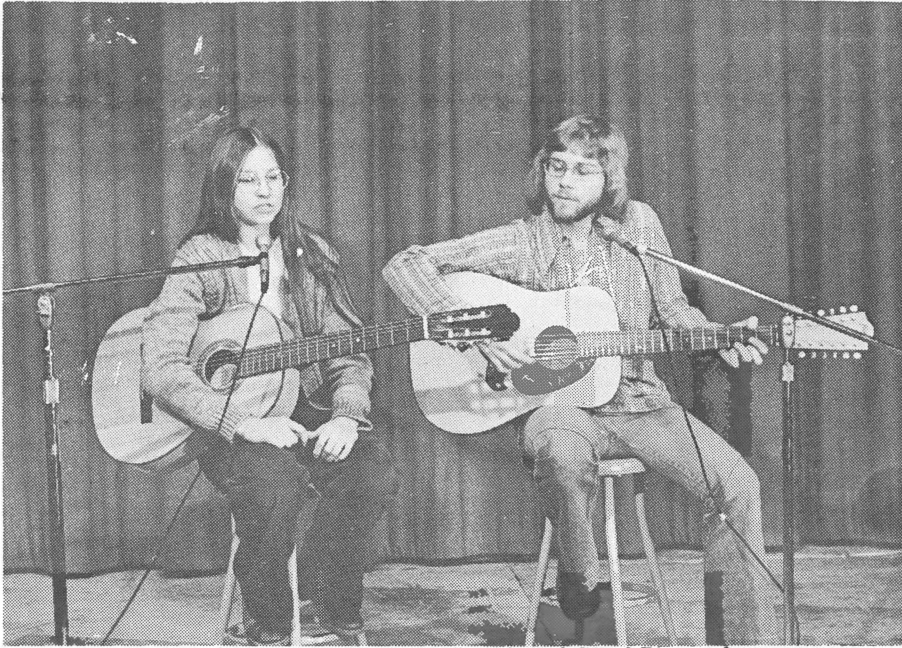

**Ministry of Transportation and Communications** will be on campus March 19th to interview Civil Engineering and Technology students. Deadline is March 15th. Contact the SPO for details.

**Ministry of the Environment** will be interviewing March 4, 5 and 6, 1st and 2nd yr. Biology students and 2nd yr. Analytical Chemistry students who applied by the deadline of February 22nd.

**Ministry of Natural Resources** is seeking life guards for Provincial Parks for summer employment. Contact the SPO for more information. Deadline for applying is March 20th.

Photos By D. Ventrudo

Bob and Carol Bigwood

The folk singing contest, sponsored by The Secretary of State, is now over. The audition for the representatives (Bob and Carol Bigwood) will be held at 2:00 p.m. on March 5th, Tuesday in the U.C. Theatre. The Secretary of State will be sending James Williamson here to talk with Bob and Carol and to listen to their songs.

As mentioned they have been contracted by CBQ radio and their songs will be broadcast at least on the local level, and hopefully will receive wider coverage as they become exposed.

The short period of time for the contest was a definite disadvantage for all of the contestants. The response it evoked however, was encouraging and many of the singers are becoming more involved in other coffee houses off campus as well as on.

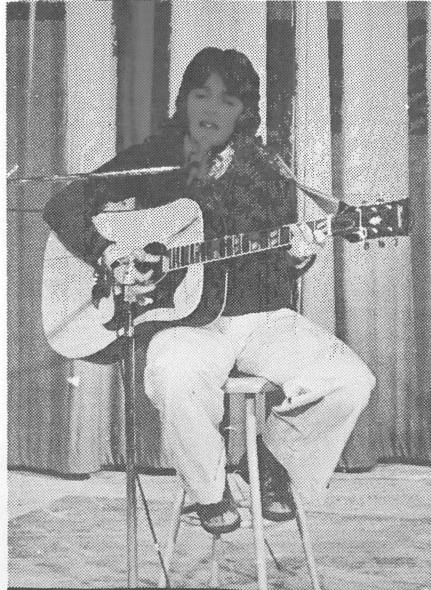

Everyone involved in the contest put forth great efforts, not only in the composing of new songs, but also in meeting schedules and for some, getting used to singing together. I hope they will realize that the actual choosing of the "winners" of the contest was an indication of suitability to the type of approach, rather than a grading of the singer's talent.

(Thanks to Audio Visual for all their gratuitous assistance and patience.)

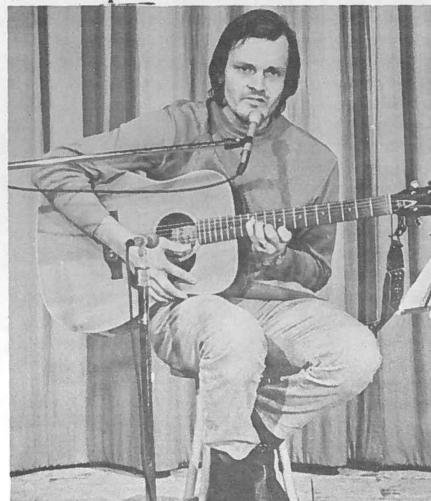

## Bob and Carol Bigwood Winners

Originally from England; —immigrated to Canada in '65, moved to Manitoba, then Ontario, then Quebec and back to Ontario, then to Alberta and finally settled in Atikokan where they have been for seven years.

Bob is 21 and in Forestry Tech II; he's married and owns a farm outside of Fort Frances where he hopes to settle down. Started writing songs at the age of 14., enjoys writing about experiences of others and his own. Carol — grade 11, 16 yrs. old ambition is to become a marine biologist. She has been playing guitar and writing songs for almost 2 years. Bob and Carol have sung together for two years although not very often as Bob has been at Lakehead and Carol attends High

## Winners Con't.

School in Atikokan. Their songs included Johnson Boys, Wind (one of their own), is a song about hitching (from a trip to Winnipeg in the Spring of '72.) Your Smile was written by Carol and finally Indian Theme Song which Bob wrote with Carol's help.

Another example of the fantastic co-operation with CBQ radio was shown in the fact that Rick Kyle, one of the announcers, arranged to have a contract drawn up for the taping and broadcasting of Bob and Carol's songs locally. A copy of the tape will be sent down to Toronto and if it's accepted by CBC, they will possibly travel to T.O. to produce other tapes on more sophisticated equipment and then to have their songs broadcast nationally.

We (Bob and Carol) would like to thank Donna for her efforts in arranging the contest and Nathan Eastman for his recommendation to CBQ, and to the panel of judges for their consideration.

## O.A.C.D. 22nd Annual Meeting

Reports of the 22nd Annual Conference "Action and Reaction in the Curriculum" are now available at \$2.00 per copy from the OACD office upon request (invoice will be enclosed). The Conference looked at curriculum as related to social needs, to H.S. 1, to internationalism, and to the future.

Also available at \$2.00 per copy are Reports of the 19th, 20th and 21st Annual OACD Conferences: "Curriculum for a Canadian Identity", "Values in the Curriculum", "Relevance in the Curriculum".

Practical suggestions for use:

- suitable for use in curriculum design at all levels of education
- material for study and discussion groups
- teachers' reference for practical and philosophical approaches
- students' background for participation in curriculum decision-making
- research in evolution of curriculum thinking

Ontario Association For Curriculum Development, 1260 Bay Street, Toronto, Ontario M5R 2B5.

## World Fellowship Dinner Dance

The Centre for International Co-operation Thunder Bay, will hold a "World Fellowship Dinner Dance" as part of its fund-raising campaign.

Centre activities include a twinning programme between Thunder Bay and Kuching, collecting and maintaining information files, obtaining speakers and films publication of Concern International magazine, all to promote international development, education and global peace, as well as assisting overseas students.

The Centre is a registered non-profit organization. All money raised is matched by the Canadian International Development Agency for use in international development work.

The details: Friday, March 22, 1974 at Sherwood Hall; Cocktails 6 p.m. and Dinner 7:15 p.m., with Dancing from 9 to 1 a.m. Cost is \$10.00 per couple.
