Christian Insights- The Sources Of Christian Hope

On Tuesday, April 2, at 8:30 p.m. in the Lower Lecture Theatre of Lakehead University, Christian Insights will sponsor a free lecture with guest speaker Mr. Harold O'Neill.

Born in Belleville, Ontario, Mr. O'Neill received his early education there and a B.A. degree from St. Michael's College, University of Toronto in 1952. In 1956 he obtained a Licentiate in Theology from Laval University, Quebec and in 1958 a Doctorate in Theology in Rome. Returning to Canada he served as chaplain at the Ontario Psychiatric Hospital in Brockville until 1964 when he was appointed assistant professor of Systematic Theology at St. Augustine's Seminary in Scarborough, Ontario. In 1971 - 72 he pursued post-doctoral studies at the Ecole Biblique et Archeologique de Jerusalem and in 1972-73 did private research at the University of Regensburg in Germany. He has now returned to teaching as Professor of Systematics at the Toronto School of Theology.

Topic of the lecture will be: "THE SOURCES OF CHRISTIAN HOPE TODAY". Even in an age where the death of God seems to have been followed by the death of man, the Christian continues to place his trust in the biblical promise of a final victory over sin and death in the Kingdom of God inaugurated by Jesus Christ. How this common hope for the eschatological fulfilment of the promise affects the Christian's approach to the problems of the present age will be shown to vary from the cosmic optimism of Teilhard de Chardin through the angry involvement of Jurgen Moltmann to the Job-like protest of Jacques Ellul against the silence of God.

Meals On Wheels - Forestry Style

To see how it's done, for the second year in a row LU Forestry students made a study week utilization tour. Dave Irwin and Brian Moore accompanied by six students traveled 2400 miles in eight days to visit a dozen operations from Timmins to Orono and Hanover, Ontario. Industrial visits included sawmills and particleboard plants - right through to molded plywood components, barrels, sporting goods, boats, buggies, fine furniture and pianos.

The group was most efficiently organized with a purser, cook, food patrol, and top loader. The majority of meals were prepared in the van (photo) or in the accommodation most kindly provided by the Ministry of Natural Resources where the group bedrolled it.

Was is a success - just talk to the participants or check out the photographs in this year's Forestry yearbook.

Japanese Students

The Lake Superior Association of Colleges and Universities has opened an office in Tokyo, Japan, according to Donald E. Fouts, Executive Director.

Mr. Ryuji Hayashi has been appointed Director of the Japan Office. Hayashi is President of Youth Exchange Service, International, a Tokyo-based non-profit educational organization. Mr. Thomas Nunneley, an English-language instructor at YES, will serve as Associate Director.

"The purpose of the Japan Office," Fouts said, "is to recruit Japanese students for degree programs at the seven Association schools and to develop exchange programs with a 'sister association' of Japanese institutions."

The Japan Office will screen, test and interview applicants. "A unique feature of the program," Fouts said, "is that successful applicants must complete a 5 - or 10 - month preparatory program in English language and cross-cultural studies before they may enroll in an Association institution. A representative of the U.S.

office will participate in the final orientation program in Japan and accompany Japanese students to Duluth.

The Association will provide special support for Japanese students in the United States, including English-language training and Japanese-speaking counselors. "In addition", Fouts said, "an 'American parent' program will be established to provide personal support and additional learning experiences for the Japanese student."

The program will begin with a summer pilot project in July. About 175 Japanese students will participate in a three-week orientation program on Association campuses to prepare for a summer tour of the United States. Instruction will include an introduction to American language and culture.

According to Fouts, a small number of regular students will enroll in the fall of 1974 and the spring of 1975. The first full group of students is expected in September of 1975.

Special Rates

In the past, special rates had been arranged with the Prince Arthur Hotel for guests of Lakehead University. Dr. Frood recently had occasion to remind the Hotel of this, and in future, they will offer the University their "Corporate Rate."

	Normal Rate	Corporate Rate
Single room	\$14-\$17.00	\$11.00
Double Room	\$19.50-\$21.50	\$15.00

Nurse Leaves For Scotland

Miss Jessie Sutherland, the Health Unit Nurse at Lakehead, will be leaving Thunder Bay on April 5th, for Scotland, to complete the requirements for her Bachelor of Social Work. Miss Sutherland, who received her R.N., B.A. and Public Health Certification from Aberdeen University and her training as a mid-wife from Edinburgh, has been at Lakehead University for the past 5 1/2 years. During the past academic year, while working on her degree in Social Work, Miss Sutherland became aware that it was possible to take the 3 month placement in her home county of Banf, Scotland. While there she hopes to study how this Social Agency operates and compare their system to ours in Canada.

Economics Notes

F.J. Anderson and N.C. Bonsor have contributed an article entitled "Allocation Congestion and the Valuation of Recreational Resources" to the current (February) issue of *Land Economics*. The article develops a mathematical treatment of the pricing problem where access to scarce recreational resources is conditioned by crowding among users and potential environmental damage.

F.S. Chen has contributed an article entitled "Learning by Doing" and the System of Production - Education Mix in China - A Brief Comparison" to the January-February 1974 issue of *Economic Affairs, Annual*. The article summarizes K.J. Arrow's model of "Learning By Doing" based originally on the observation of the pattern of airframe production. Second, it brings to light the similarities and divergencies between this model and the mode of production particularly in the communes of China. The problem of the measurement of productivity in the communes has also been briefly mentioned.

Final Rebate

From Monday, March 25th until Friday March 29th inclusive, the Lakehead University Bookstore will conduct its final credit-note rebate of 5% of its customers' collected Bookstore receipts.

The University's financial position makes it absolutely essential that the Bookstore operate as a fully self-sustaining enterprise, without subsidy from University funds. Unfortunately, the decrease in student enrolment and the steadily increasing freight-rates have had a serious effect on the Bookstore's financial status, to the extent that the 5% rebate marks the difference between a losing and a break-even operation.

Even though many college stores have adopted the practice of adding the freight costs to the price of textbooks (thus adding substantially to the cost of these already expensive necessities), we at the L.U. Bookstore feel that the alternative of discontinuing the rebate would better serve the University community as a whole, since only about one-third of the students appear to be taking advantage of the rebate-scheme at the present time.

Please note that ALL credit-vouchers issued during the 1973-74 term MUST be used BEFORE April 30th 1974, the end of the financial year.

Appointment

The Computer Centre Administrative Systems Department has a new Systems Analyst, Mr. Jack Rombaut. Mr. Rombaut will be mainly responsible for the University's financial computer systems. His extension number is 407.

New Assistant Deputy Minister

Benson A. Wilson has been appointed Assistant Deputy Minister, University Affairs Division, in the Ministry of Colleges and Universities. The appointment was announced recently by the Honourable James Auld, Minister of Colleges and Universities.

Mr. Wilson joins the Ministry from the Provincial Secretariat for Resources Development, where he has been Executive Director for the past two years.

K.J. Charles contributed an article on "The Marxist Model of Lenin" in the *Journal of Social and Economic Studies* issue of September 1973.

Dr. Chris Jecchinis, Chairman of the Department of Economics, gave a paper entitled "Manpower Planning at the National Level" to seminar participants of the Industrial Relations programme at Laval University in Quebec City on 6th March 1974. Dr. Jecchinis is a scheduled speaker also to the 45th Annual International Technical Conference of the Grain Elevators and Processing Society on 26th March, 1974. His contribution will be entitled "New Approaches to Labour-Management Relations". This conference will be held in Winnipeg, Manitoba.

Mr. Costas Nicolaou of the Department of Economics was appointed to the Ontario Advisory Council of Multiculturalism which is to advise the Ontario Government on policy regarding multiculturalism.

O.A.C.D.

The Twenty-Third Annual Conference of the
ONTARIO ASSOCIATION FOR CURRICULUM DEVELOPMENT

Residence Awards Banquet

On March 26th, in the evening about 500 people from the residences put thoughts of streaking aside for the moment and gathered in the main cafeteria to find out who was going to win the different awards for residence activities. This year all activities were well attended and enthusiasm was high. Altogether everybody agreed that the First Annual Awards Dinner was a great success, and I'm sure all the winners also agree with that statement.

Squash Tournament

The dates have been set for the annual Lakehead University squash tournament. The first round of the double elimination tournament will be conducted on Sunday, March 31st, and competition will continue the following weekend with eliminations on Saturday, April 6th and the final matches on April 7th. Competitors will be assured of at least 2 matches on April 7th. Competitors will be assured of at least 2 matches before being eliminated. The men will be divided into 3 categories: A (Expert), B (Intermediate) and C (Novice), while the women will be separated into 2 groups provided there are enough entries.

The entry fee will be \$2.00 for university students and members and \$3.00 for non-members. Starting March 7th, entries will be accepted at the Equipment Room of the C.J. Sanders Fieldhouse. The entry deadline will be March 25th at 6:00 p.m. and the exact match times will be posted by March 28th.

Last year's tournament was a success with close to 80 squash players entered in the various divisions. This year the number of entries is expected to be greater yet. Inquiries may be directed to tournament co-ordinator, Ron Lappage, at the C.J. Sanders Fieldhouse, 345-2121, ext. 645.

We publish something for everyone.

And some people are always looking for mistakes!

Guest Forestry Lecturer

Mr. J. Whightman of the Forestry Management Institute, Canadian Forest Service, Environment Canada, will be giving a free public lecture on Wednesday, March 27th, at 7:30 p.m. in MB1021. Mr. Whightman will speak on Remote Sensing Developments in Resource Management - from aerial photography to Earth's Resources Satellite imagery. After the lecture, refreshments will be served in the Faculty Lounge.

Book Of Hours

From Saturday, March 23 until Wednesday, April 10, the Thunder Bay Public Library is displaying at its Mary J.L. Black location, duplicates of 15th Century Illuminated Manuscripts entitled "Les Tres Riches Heures du Duc de Barry".

The Book of Hours of Jean, Duke of Berry is the most famous illuminated manuscript and also is one of the most beautiful examples of Late Gothic style.

A 'book of hours' was intended for private devotion and was divided according to the eight hours of the day when prayers were recited. The hand-drawn miniatures include everyday scenes from the courtly and rural life of the time.

The illustrations duplicate the exact size of the miniatures. An explanatory panel of text accompanies the exhibition.

These illustrations are organized and circulated by the Extension Department of the Art Gallery of Ontario.

Friday Films Discontinued

The Friday Film Showings from the Library Technology Department have been discontinued for the remainder of the year, primarily due to lack of support. Ms. Elwert hopes to show some films beginning again in the Fall, and perhaps in a different time period, to accommodate more people.

Library Hours

Everybody knows that when the Library extends its hours, Springtime and Exams are just around the corner.

Here then are the times the Library will be open beginning on March 23 and going to April 26.

MONDAY TO
FRIDAY 8:30 a.m. to 12 Midnight
SATURDAY 9:00 a.m. to 12 Midnight
SUNDAY 2:00 p.m. to 12 Midnight

En Francais

cont'd. from page two

individual composers and the cultural life in France at the time of composition.

On April 2nd, a test of skills between Algonquin Avenue and C.D. Howe public schools introduces the programme on Thunder Bay French Television. Mme. Braut shows us how to make up her delicious recipe for Ragout on La Cuisine de Chez Nous. Dr. Klein, a resident physician (dermatologist) speaks with Alain Nabarra about his travels in Africa in the first of a two part interview. The slide presentation is a memorable guidebook in itself. A short film visit with the Swiss sculpteur, Albert Rouiller, rounds off the programme with a glimpse of the artist at work.

Personals

FOR SALE: Labrador pups, asking \$20-\$25.
Easter lambs, asking \$40-\$50.
Contact Sandra Martin, R.R. #2, Nolalu or Dr. Martin at Extension 391.

WANTED: If your children receive a rabbit, chick, or duckling that you simply cannot keep where you live, we may be able to give it a home on our farm.
