The Dean of Students

The Dean of Students and his staff are concerned with helping students to take advantage of the opportunities the University offers for personal growth, both intellectual and emotional. A number of problems often interfere with a student's academic and social development. If you have a problem of any kind, find yourself bewildered, or just suffer from general disorientation, the Dean of Students, as a Counsellor, will always be available to you. His office is the first in the series that runs along the west side of the Agora-UC-1002, Telephone 345-2121, Extension 206.

STUDENT FINANCIAL AID

The Dean of Students Office is responsible for forms of student aid such as the Ontario Student Awards Program, scholarships and bursaries and loans to part-time students, as well as providing advice and information to help students deal with a wide variety of financial problems.

The Ontario Student Awards Program is the prime source of financial assistance. Application forms and explanatory brochures can be obtained from the Dean of Students Office. Private counselling in relation to the student's status, eligibility, and possible appeals for review is available from the staff.

Loan applications for part-time students are also now available through the Dean of Students Office. Counselling relating to the student's eligibility is available from the office staff.

If a student has previously negotiated a Canada Student Loan at any bank in Canada his Canada

Student Loan for the 1973-74 academic year must either be negotiated at that same bank or if you wish a local bank all previous loans must be transferred to the new bank.

STUDENT HEALTH SERVICES

The Health Unit is located in a wing of the Women's Residence opposite the tennis courts. It contains an infirmary of two five-bed wards, two isolation one-bed rooms, two examining rooms, a nurse's station and a doctor's office. The Infirmary is used to give students nursing care who are not sick enough to send to hospital but too sick to leave in their rooms on or off campus. Dr. William Diggins and Dr. Clayton Eyjolfson conduct four clinics a week. Students can make arrangements to see either of the physicians through Miss Jessie Sutherland, R.N. B.A., the University Nurse. The Student Health Service provides twenty-four hours a day coverage throughout the year to deal with medical emergencies.

FOREIGN STUDENT ADVISORY SERVICES

Overseas students who need information about the University, financial matters, or immigration requirements may consult the Dean of Students or his assistant. The services offered on a continuing basis include personal counselling, assistance with immigration, liaison with governments, administrative support for foreign student organizations, and a general "ombudsman" role to assist foreign students in their dealings with the University and community.

The Dean of Students' office co-operates with the International Students' Organization to provide a reception service throughout September for newly arriving foreign students. Under a similar co-operative effort hospitality is offered to foreign students by Thunder Bay residents at such times as Thanksgiving, Christmas, and other holidays.

Student I. D. Card

Your 1973-74 student identification card will be very important to you. This year your photo I.D. card will be embossed with your student number, initials and surname.

You will be required to use your student card when borrowing books from the Library and making any changes in your records through the Office of the Registrar.

Housing

A. ON-CAMPUS RESIDENCE - Those students who have obtained accommodation on-campus should contact the Residence Office located on the left hand side of the main entrance to the Men's Residence. The office is open regularly from 8:45 a.m. to 6:00 p.m. as well as during some evening hours. (Please refer to the map in locating the residence buildings.)

B. OFF-CAMPUS HOUSING OFFICE - The Off-Campus Housing Office is located in the Student Union Office (University Centre). It operates from May until the end of September each year, and provides current listings of a variety of accommodations available in Thunder Bay. Students who wish to use the Off-Campus Housing service must make a personal visit to the office to choose accommodation from the lists provided. It is the responsibility of the student to contact the landlords who have registered with the Off-Campus Housing Office.

Library's New "Tattle Tape"

Over the past year losses by reason of unrecorded borrowings and non-return of items by a few readers have continued to cause difficulties and dissatisfaction to the majority of library users and much extra work for library staff. In order to cut these "unofficial borrowings", an electronic check will be instituted as early as possible in the new academic year to replace the personal check by commissionaire at the exit. This will call the circulation staff's attention to any material being taken out of the library which has not been officially recorded.

The system is produced by 3M Company and is known as 'Tattle Tape'. It has been introduced with good results in a large number of libraries including Guelph University, University of Minnesota at Duluth, State University College, New Paltz, N.Y., Fanshawe College, London, Ontario. We are sure our library users will accept it for what it actually is - a necessary check to ensure that the stock of the library is maintained in circulation and is available for use by all.

Commencing Monday, September 17, 1973 Library Hours will be as follows:

Monday through	
Friday	8:30 a.m. to 12 midnight
Saturday	9:00 a.m. to 5:00 p.m.
Sunday	2:00 p.m. to 10:00 p.m.

LU Bookstore

The Lakehead University Bookstore stocks all required textbooks for courses offered by the University, as well as an extensive selection of recommended and peripheral reading material. In addition, the Bookstore carries paper and

writing supplies, drafting equipment, dissecting sets, and a great variety of stationery items.

Booklists of all required texts are available for your convenience during the Fall Registration and will make your textbook-shopping easier.

Bookstore merchandise must be paid for in cash or by Chargex Card. During the Fall Registration rush no personal cheques can be accepted.

A cash-register receipt for the amount of texts and supplies purchased will be issued at the time of purchase. **SAVE THESE RECEIPTS CAREFULLY** in the envelope provided for this purpose, since at the end of each term these receipts can be redeemed for a CREDIT VOUCHER to the amount of 5% of their total value. (CHARGE X sales are not eligible for this 5% rebate). **YOUR BOOKSTORE RECEIPTS MEAN MONEY TO YOU!**

Student Awards

The Government of Ontario announced on April 13th that financial aid to students in post-secondary education will be substantially increased in the 1973-74 fiscal year. Budgetary estimates allow \$38.4 million for the Ontario Student Awards Program, Ontario Graduate Fellowships Program, and high school bursaries. In 1972-73 the budget was \$27 million.

Higher Exemption for Academic Awards

In previous years all awards in excess of \$150 were considered as resources in the assessment of an Ontario Student Award. This year the limit has been increased to the level of a student's tuition and incidental fees. An ARTS student at Lakehead University, for example, would be allowed to receive \$665 before it affected his Ontario Student Award. It is hoped that the higher exemption will encourage scholarship and academic excellence.

Improved Parental Allowances

The parental contribution tables have been modified to help offset increased cost of living for those families with children in post-secondary education. Additional relief is provided in the new contribution tables for families with two or more children in post-secondary education. A dependent student's Award could increase by as much as 30% or more under the new regulations.

Miscellaneous Allowances

Miscellaneous allowances have been increased by 10%. Such would make a difference of about \$30 on a student's Ontario Student Award at Lakehead University.

Married Students

Assessment procedures now reflect the increased cost of living by a higher maintenance allowance of \$3400 versus \$3000 in previous years. Other

changes include an increase in allowable baby-sitting costs, a more generous assessment of student summer earnings, and allowances for children based on age.

Independent Clause

Students who have worked a total of 24 consecutive months in full-time employment may elect for independent status from their families. They will be eligible for up to \$1400 in Canada Student Loan.

Modified Group 'A' Students

Students who, prior to the first month of registration:

- (a) have completed **three** successful years of study at an eligible post-secondary institution; or
- (b) have spent **three** periods of twelve consecutive months as a full-time member of the work force; or
- (c) have a combination of successful academic years and periods of twelve consecutive months in the work force totalling **three** years.

are assessed in the same manner as Group A students except that an additional basic deduction is made against the gross parental income in the need assessment process. For Group A Modified applicants with three years work/education history the additional deduction is \$5000; for those with four or more years, it is \$6000.

Aid to Part-time Students

A pilot program for loans to part-time students is now being offered through the co-operation of the Ontario government and certain Canadian banks. Loans are interest-bearing from the date of negotiation. Repayment commences 10 months after the date of negotiation or 2 months after the end of the student's course whichever occurs first. A minimum of \$100 to a maximum of \$600 may be borrowed.

Applications for assistance and counselling relation to a student's eligibility are available from the staff in the Dean of Student's Office.
