A WORD ABOUT THE UNIVERSITY

Lakehead University has evolved from the Lakehead Technical Institute which commenced classes in January, 1948, in temporary rented quarters in downtown Port Arthur.

In September, 1948, first-year University courses were added to the curriculum.

The Ontario Legislature passed an Act 1956, which was proclaimed on August 1, 1957, establishing the Lakehead College of Arts, Science and Technology. The government and control of the Lakehead Technical Institute was transferred to the Board of Governors of Lakehead College. The present University site was occupied in October of the same year. Second year General Arts courses were added in 1960-61 and in 1962 the original Lakehead College of Arts, Science and Technology Act was amended to "the College has University powers" to establish faculties, etc., and to "confer University Degrees" in Arts and Sciences.

Tonight marks the granting of the first Bachelor of Arts and Science Degrees.
