

LAKEHEAD UNIVERSITY CONVOCATION

THE GRANTING OF DEGREES AND DIPLOMAS
SATURDAY, MAY 27, 1972 AT 10:00 A.M.
FORT WILLIAM GARDENS, THUNDER BAY, ONTARIO

EIGHTH CONVOCATION FOR THE CONFERRING
OF DEGREES

MACE UNVEILED

The mace, originally a mediaeval weapon of offense in the form of a club, weighted heavily at one end, and usually made of iron, steel, or brass, was designed to break through the heaviest armour. Bishops carried maces in battle, rather than swords, in order to conform to the canonical rule which forbade priests to shed blood.

The earliest ceremonial maces were carried by royal body guards known as serjeants-at-arms in formal processions of the courts of Phillip II of France, and probably Richard I of England. However, the practical purpose of discouraging attacks upon the king gradually gave way to the European love of ceremony, and as early as the 14th century maces tended to be more decorative and symbolic.

The mace has thus come to represent the authority of the body or institution which possesses it. In Canada's Parliament, for example, a mace is carried into the House at the beginning of each session by the serjeant-at-arms. Similarly, at many Canadian universities, a mace is present at ceremonial functions to represent the ongoing authority, dignity and spirit of the university.

The official mace of Lakehead University, a gift of the Alumni Association, was designed by Ken Campbell of the Board of Education and constructed by John Butler, Senior Technician in the University's Science Workshop.

In keeping with the responsibilities of Lakehead University, the new mace is made entirely of materials from the region of Northwestern Ontario. The head consists of a golden cluster of jack pine cones on a smooth silver hemisphere. It is surrounded by two nickel-silver rings on either side of a band of polished nickel inscribed with official insignia of Lakehead University. The base of the head is comprised of four triangular specimens of ore mined in the region: silver, gold, nickel and copper. Below the ores is a handle of silver which leads into a shaft of stainless steel surrounded by fluted bronze. Upon a narrow insert of silver is inscribed the motto of the University. The shaft ends in a boss of nickel-silver with an insert of local amethyst crystal. Each section of the shaft is separated by a small silver ring.

The mace will be used for the first time in the Convocation ceremonies, Saturday, May 27, 1972.
