THIRTY FIFTH
CONVOCATION
1999

Lakehead University

Convocation 1999

Saturday, May 29, 1999 marks Lakehead University's thirty fifth annual convocation for the conferring of degrees and diplomas. The word "convocation" means "calling together". It is a ceremonial meeting of the entire university community. On Convocation Day university members and their guests wear special attire based on a tradition that dates back as long as seven centuries ago. The academic costume, also referred to as academic "dress" or "regalia", had its origins in the ancient European universities. The regalia was devised to distinguish academic persons such as doctors, licentiates, masters and bachelors. In the middle ages they were worn as everyday attire. Gowns were a necessity because of unheated buildings and hoods were needed to cover the heads of medieval scholars.

There are many variations of academic dress. The hood, gown and in some cases the special hat (mortarboard) worn by an individual is determined by the style of the university where he or she received a degree. The colourful gowns and hoods of universities from across Canada, the United States, the United Kingdom and several other nations of the world are worn here today.

The academic dress chosen by Lakehead University is fashioned after that of the University of Oxford, the oldest English-speaking university in the world. The robes worn by the officers of the university - the Chancellor, who presides at convocation, the President (who is also the Vice-Chancellor) and the Chair of the Board of Governors - are all of the Oxford cut and trim. Each has its own distinctive colour. The colourful gowns worn by the individuals who are receiving honorary degrees are of the same design as are the black gowns worn by the student candidates. The ritual at convocation reflects the medieval custom that anyone in a university could wear a gown, but a hood was the symbol of a degree. Students who have met the university's academic requirements (three, four, five or six years of study in particular subjects) wear the symbol of their status as holders of a Lakehead University degree. Lakehead University's bachelor's and master's degree hoods are distinguished by a one or two inch colour border which indicates the degree

acquired eg. white for Arts, drab for Commerce, blue for Education, burgundy for Nursing etc. Lakehead's first PhD degree was conferred in 1998.

In addition to "earned" degrees, the university confers "honorary" degrees which symbolize the highest honour that can be conferred on an individual by the university. An honorary degree may be awarded in recognition of scholarly or creative attainments or distinguished public service to the country or region. They go to individuals who have been designated by the University's Senate, its senior academic governing body, as deserving special honour. At convocation the degree is awarded *honoris causa*, or "in the cause of honour". A hood is also given to the recipient and it may be worn to any academic affair. Recipients of these degrees become honorary alumni of the University and they may affix, after their names, the abbreviation of the degree. One honorary degree, the Doctor of Letters, will be conferred in today's ceremonies.

The Board of Governors of the university also recognizes individuals who have contributed to the growth, development, welfare and well-being of Northwestern Ontario and of Lakehead University. This is done by the conferring of the title Fellow of the University. You will recognize university Fellows by their familiar blue gown with white velvet epitoge or scarf.

During the processional and the recessional the Marshal for convocation carries the Mace, a silver wand which is a traditional symbol of the university's authority. This mace was given to the university by the Alumni Association in 1971. It bears the university's motto *Ad augusta per angusta*, Achievement through Effort.

Today the university community celebrates its thirty fifth annual convocation. Its members dress in clothes which are symbolic, not functional, and go through a centuries old ritual for the conferrment of degrees and diplomas. We thank you for being present to share this special event with us.

Photographs - Those wishing to take pictures of the graduates are most welcome to come forward to the left and right of the stage. To avoid congestion of that area, please wait until your particular graduate is ready to receive his or her degree before you come forward.

VIC PROKOPCHUK

Entrepreneur

Vic Prokopchuk has had a life long passion for telecommunications engineering and entrepreneurial pursuits.

In 1948, Vic graduated with an Electrical Engineering Diploma from the Canadian Institute of Science and Technology. It was with Steep Rock Iron Mines in Atikokan, Ontario that Vic had the opportunity to gain experience in telephone and mobile radio systems. In 1955 his fascination for things technical together with his entrepreneurial spirit resulted in Norvideo, one of the first cable television systems in Canada.

During the 1980's he was appointed by two successive governments to the Northern Ontario Development Council. Vic's expertise was enlisted in 1989 by a joint venture group of British and Canadian investors. His responsibility was to develop, plan and coordinate an integrated cable television and telecom network.

Prokopchuk's business acumen has not been limited to telecommunications ventures. In 1978, in partnership, he built the White Otter Inn in Atikokan. The community newspaper, *The Atikokan Progress*, was purchased by Vic and his partners in 1978. After breathing new life into the weekly, they sold the company to the employees in 1994. From 1968 to 1991, Vic also operated a mining drilling equipment sales company.

Vic has invested himself in his community as a businessman and through his volunteer interests. In 1992 Vic was honoured with the Entrepreneur of the Year award by *Northern Ontario Business* magazine. That same year he was appointed to serve on a special provincial task force on telecommunications. Vic is a member of several professional associations including the Institute of Electrical & Electronic Engineers and the Society of Cable Telecommunications Engineers. His long list of service accomplishments in Atikokan include membership on the Quetico Board of Governors, the Ski Club Board, the Chamber of Commerce, the Airport Committee and the Atikokan to Ely Canoe Derby.

Somehow, Vic found time to raise a family, earn his commercial pilot's licence as well as a ham radio operator's licence. He continues to serve on a variety of telecommunications review panels.

DIANE SCHOEMPERLEN

Author

Diane Schoemperlen was born in Thunder Bay. She attended Westgate High School and graduated from Lakehead University in 1976 with a Bachelor of Arts in English. She continued her education at the Banff Centre School for the Arts.

Following her studies, Schoemperlen embarked on her literary career. She joined the Banff Centre as publicity assistant and staff writer and later worked as a freelance writer and assistant editor for Quarry Magazine in Kingston. From 1986 to 1993, she was the summer instructor in fiction writing at Kingston School of Writing, Queen's University. She also taught creative writing at St. Lawrence College from 1987 until 1993 and at the University of Toronto Writer's Workshop. In May 1991, she was the writer-in-residence at David Thompson University Writing Workshop in Nelson, B.C.

Schoemperlen's talent for fiction is widely recognized and enjoyed. Her first collection of short stories, Double Exposure was published in 1984. She has published four others including Frogs and Other Short Stories, The Man of My Dreams, nominated for the Governor General's Award and the Trillium Award and Hockey Night in Canada and Other Stories. Her most recent work, Forms of Devotion: Stories and Pictures was published in 1998 and is the winner of the Governor General's Award. This latest work has been acclaimed for her unique use of language and irony. In the stories, Schoemperlen examines forms of modern human devotion from religion to materialism with humour and multiple meanings. In addition to her short stories, Schoemperlen has published one novel In The Language of Love in 1994.

Diane has served on Arts juries across Canada. She has given public readings throughout Canada and the United States and has been featured in print and broadcast interviews. Diane Schoemperlen is an exemplary ambassador for Lakehead University.

Diane and her son reside in Kingston.
