Lakehead University

Convocation 2003

Saturday, May 31, 2003 marks Lakehead University's thirty ninth convocation for the conferring of degrees and diplomas. The word "convocation" means "calling together". It is a ceremonial meeting of the entire university community. On Convocation Day university members and their guests wear special attire based on a tradition that dates back as long as seven centuries ago. The academic costume, also referred to as academic "dress" or "regalia", had its origins in the ancient European universities. The regalia was devised to distinguish academic persons such as doctors, licentiates, masters and bachelors. In the middle ages they were worn as everyday attire. Gowns were a necessity because of unheated buildings and hoods were needed to cover the heads of medieval scholars.

There are many variations of academic dress. The hood, gown and in some cases the special hat (mortarboard) worn by an individual is determined by the style of the university where he or she received a degree. The colourful gowns and hoods of universities from across Canada, the United States, the United Kingdom and several other nations of the world are worn here today.

The academic dress chosen by Lakehead University is fashioned after that of the University of Oxford, the oldest English-speaking university in the world. The robes worn by the officers of the university - the Chancellor, who presides at convocation, the President (who is also the Vice-Chancellor) and the Chair of the Board of Governors - are all of the Oxford cut and trim. Each has its own distinctive colour. The colourful gowns worn by the individuals who are receiving honorary degrees are of the same design as are the black gowns worn by the student candidates. The ritual at convocation reflects the medieval custom that anyone in a university could wear a gown, but a hood was the symbol of a degree. Students who have met the university's academic requirements (three, four, five, six or seven years of study in particular subjects) wear the symbol of their status as holders of a Lakehead University degree. Lakehead University's bachelor's and master's degree hoods are distinguished by a one or two inch colour border which indicates the degree

acquired eg. white for Arts, drab for Commerce, blue for Education, burgundy for Nursing, etc. Lakehead's first PhD degree was conferred in 1998.

In addition to "earned" degrees, the university confers "honorary" degrees which symbolize the highest honour that can be conferred on an individual by the university. An honorary degree may be awarded in recognition of scholarly or creative attainments or distinguished public service to the country or region. They go to individuals who have been designated by the University's Senate, its senior academic governing body, as deserving special honour. At convocation the degree is awarded *honoris causa*, or "in the cause of honour". A hood is also given to the recipient and it may be worn to any academic affair. Recipients of these degrees become honorary alumni of the University and they may affix, after their names, the abbreviation of the degree. Two honorary degrees, the Doctor of Laws and the Doctor of Humane Letters will be conferred in today's ceremonies.

The Board of Governors of the university also recognizes individuals who have contributed to the growth, development, welfare and well-being of Northwestern Ontario and of Lakehead University. This is done by the conferring of the title Fellow of the University. You will recognize university Fellows by their familiar blue gown with white velvet epitoge or scarf.

During the processional and the recessional the Marshal for convocation carries the Mace, a silver wand which is a traditional symbol of the university's authority. This mace was given to the university by the Alumni Association in 1971. It bears the university's motto *Ad augusta per angusta*, Achievement through Effort.

Today the university community celebrates its thirty ninth convocation. Its members dress in clothes which are symbolic, not functional, and go through a centuries old ritual for the conferment of degrees and diplomas. We thank you for being present to share this special event with us.

Photographs - Those wishing to take pictures of the graduates are most welcome to come forward to the left and right of the stage. To avoid congestion of that area, please wait until your particular graduate is ready to receive his or her degree before you come forward.

THIRTY NINTH ANNUAL
CONVOCATION
FOR THE CONFERRING
OF DEGREES AND DIPLOMAS

Lloyd Axworthy

Global Issues Advocate

Lloyd Axworthy has had a distinguished career in international affairs. As a government minister and as an academic, he has focused on developing and implementing policies to improve human security around the world. He has made outstanding contributions to global efforts to outlaw landmines, stop the use of children as soldiers, and bring war criminals to justice.

Born in Saskatchewan, Mr. Axworthy received a B.A. from the University of Winnipeg in 1961, and an M.A. (1963) and Ph.D. (1972) from Princeton. He taught political science at the University of Winnipeg for twelve years.

Mr. Axworthy served six years in the Manitoba Legislative Assembly before being elected as a Liberal Member of Parliament in 1979. In his twenty-one years in Ottawa, he held numerous cabinet posts. Most notable was his tenure as Minister of Foreign Affairs from 1996 to 2000, when he gained an international reputation as an innovative thinker and foreign policy activist. He advanced the concept of human security and encouraged cooperation between government agencies and non-governmental organizations. He brokered the Ottawa Treaty to ban anti-personnel landmines, an outstanding achievement which led to his nomination for the Nobel Peace Prize.

Mr. Axworthy's awards include five honorary degrees, the Vietnam Veterans of America Foundation's Senator Patrick Leahy Humanitarian Award, the Princeton University Madison Medal, the CARE International Humanitarian Award, the Thakore award for peace, and the Order of Manitoba.

In 2000, Mr. Axworthy left public life to become Director and CEO of the Liu Institute for Global Issues at the University of British Columbia, where he oversees research, policy development and partnerships aimed at solving pressing global issues. He sees the Liu Institute as a meeting place between the world of policy making and the world of ideas.

Mr. Axworthy is also a consultant on trade and international affairs for a national law firm. He chairs the Human Security Centre for the United Nations University for Peace and is a member of the Eminent Persons Group on Small Arms. He recently led a humanitarian mission to Pakistan and the Commonwealth Election Observer team to Sierra Leone.

He and his wife, Denise Omanney, have three children and reside in British Columbia.

THIRTY NINTH ANNUAL
CONVOCATION
FOR THE CONFERRING
OF DEGREES AND DIPLOMAS

Tom Jackson

Musician, Actor, Humanitarian

Tom Jackson is best known for his music and for his portrayal of Chief Peter Kenidi on the television series *North of 60*. However, it is his humanitarian work that is Tom's joy and true vocation.

Born on the One Arrow Reserve in Saskatchewan, Tom left home at fifteen and lived on the streets of Winnipeg for seven years. In those tough, formative years Tom resolved to do something meaningful with his life.

From the time he picked up a guitar at age ten, music has been Tom's first love. When his musical gifts and leadership skills converge with his passion for helping others, amazing things happen.

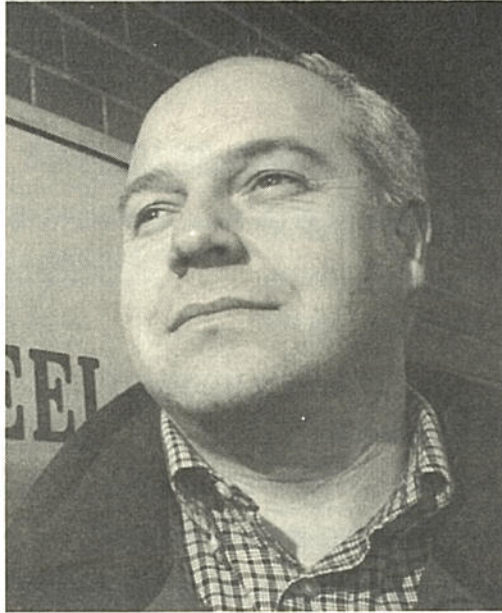

Since 1988, he has organized and hosted the annual *Huron Carole* tour, a charitable concert series featuring Tom's band and a variety of Canadian performers. In fifteen years, the tour has raised over \$2.5 million for food banks across the country.

After a young member of the *North of 60* cast committed suicide in 1996, Tom created the *Dreamcatcher Tour* to bring country music and a message of empowerment to aboriginal communities coping with youth suicide. For the past six years, *Dreamcatcher* has combined entertainment with workshops by counsellors and health-care professionals.

When the Red River flooded in 1997, Tom quickly mounted *The Red River Relief Benefit*, two concerts that raised almost \$3 million for flood relief in Manitoba.

Tom has made ten albums, two of which received Juno nominations. In addition to six seasons with *North of 60*, his acting credits include roles in several feature films and guest appearances on television shows from *Sesame Street* to *Star Trek: The Next Generation*. His current projects include *Longhouse Tales*, a children's television series, and several documentaries.

Tom's honours include four honorary degrees, the National Aboriginal Achievement Award (1996) and the Order of Canada (1999). He and his wife, Alison, now make their home in Calgary, where they operate Tomali, a recording studio and film production business.

Denis Turcotte

CEO

Denis Turcotte does not think “profit” is a dirty word. In fact, the new President and CEO of Algoma Steel believes that profitable, competitive businesses are the best foundation on which to build strong communities in Northern Ontario. Since graduating from Lakehead University as a Mechanical Engineer in 1985, Denis has demonstrated outstanding leadership in business as well as a deep commitment to the economic growth that will keep young people in the region.

Denis began his career as a project engineer in the forestry sector, at Kimberly-Clark’s Spruce Falls Power and Paper mill in Kapuskasing. In 1991, when the Spruce Falls mill was under threat of closure, Denis took charge of what became one of the largest, most successful employee buyouts in Canadian history. With the support of the Kapuskasing community and Spruce Falls’ new corporate partner, Tembec, Denis executed a \$350 million restructuring plan that turned the Spruce Falls mill into a competitive and profitable operation.

In 1999, Denis received a Top 40 Under 40 Award, a prize awarded annually to the best and brightest of young Canadian achievers on the rise. With a growing reputation for innovative and creative leadership at Tembec, Denis was promoted to President of the Paper Group and Executive Vice President for Corporate Development and Strategy. Denis’s career shifted from forestry to steel in September, 2002, when he took over as President and CEO of Algoma Steel, Inc., a billion-dollar steel manufacturer in Sault Ste. Marie.

Now at the height of his success, Denis maintains his commitment to developing the potential of Northern Ontario. He recently gave the keynote address at FedNor’s Youth Symposium at the Northern Ontario Citizen Engagement Forum. Denis told delegates about his personal choice to stay where he was born and raised. “It’s a great way to live,” Denis said, pointing out the family-oriented environment, the outdoor recreation opportunities, and the tighter community spirit in Northern Ontario. Above all, Denis stressed the important role of action-oriented entrepreneurs in building the north. Healthy businesses lead to meaningful employment opportunities for youth, a viable tax base and the critical mass of people needed to support the full range of services that contribute to the quality of life in Northern Ontario.

Denis Turcotte, and his wife, Julie, and their four children live in Sault Ste. Marie.
