Dear Graduates:

We hope you will find our latest Directory of names and addresses of some interest and value to you. Despite the fact that many hours have been spent in compiling this book, we realize that it may not be entirely accurate. If you should know of any names and addresses which have not been listed correctly, please contact one of our committee members listed below. You'll find our address in these pages!

Our thanks to all who have helped us in the preparation of this book.

Take nurse, this little book you hold
Keep it where you can find it
It will help you to remember
