You may have just made only half of your gift. Maybe even less!

Please be sure to check this listing.

The companies here will match gifts to Canadian universities. Some will double or triple your gift. Some will do even more!

But it is you who have to get the ball rolling. Here's how.

1. Obtain a matching gift form from your personnel office.
2. Fill in the donor portion and send it with your gift.
3. The university will verify the gift, complete the form, and send it to your company.

It's a good idea to contact your personnel department even if your company is not listed here. Some companies have divisions, subsidiaries, and affiliated companies that do qualify for the Matching Gift Program although they are not listed here.
