SOCIETY IN TRANSITION

An interdisciplinary study which will be a critical inquiry into the major forces, issues and problems confronting the world and Canadian society in transition. Faculty members from several university departments will be involved as well as specialists in various fields outside the university.

Lecture Titles: Outline of World Civilizations; Comparative Social Systems; The World Power Structure; Canadian Provincial System (Political, Economic, Social); Canadian Municipal System (Political, Economic, Social); Current World Issues — International Monetary System, Race and Ethnic Conflict, Education, Religion; Literature, Art and Social Change.

Course co-ordinator: Dr. P. Sarbadhikari, Associate Professor, Département of Political Science, Monday evenings at 7:30 p.m. commencing Monday, October 20th, for 10 weeks.

Room 1035, Main Building.

Fee: \$10.00 (Students \$2.00) (LU code: 19-16-87)

TEACHING ORAL FRENCH BY AUDIO VISUAL METHODS

A demonstration of a new technique for teaching oral languages to children.

Oral language teachers are invited to visit the experimental class which will be made up of children ages 7 to 12. Participating children are charged a modest fee to cover the minimum costs of the course.

This method, entitled **Bonjour Line**, has been specially devised for children. It enables intensive use of recorded sound and film to teach dialogue patterns on subjects of interest to children and with which they are familiar: games, animals, stories and so on. The method is designed for children who have already learned the essentials of reading and writing their own language. There is therefore no danger of confusion with spelling or pronunciation of their mother-tongue. Since only French is used in this direct method the child's mother-tongue does not necessarily have to be English. These lessons will supplement but in no way conflict with oral French instruction which children will be receiving in elementary school.

Instructor: Mme. Louise Quirielle.

Time: Saturday mornings, 10:30 - 11:30 or 11:30 - 12:30, commencing Saturday, October 4th, for 10 weeks.

Classes will be held in one of the recently installed modern teaching laboratories of the Department of Languages, in the Main Building.

Fees: \$15.00 per child per term: second and subsequent children of the same family (brothers and sisters) \$8.00. (LU code no. 19-18-87)

MAN AND HIS DRUG AGE

A fifteen week course sponsored jointly with the Addiction Research Foundation which will feature both local and visiting lecturers and group discussions on man and his need for chemical stimulants such as drugs and alcohol. Fuller details and a brochure outlining the course may be obtained from the Addiction Research Foundation, 503 Lillie St., Ft. William (phone 622-0607) or from Lakehead University Extension.

Tuesday Evenings at 8:00 p.m. commencing Tuesday, October 28th, for 15 weeks.

Room 1021C Main Building, Lakehead University.

Fee: \$25.00 (\$20.00 each from an agency registering five or more).
Students \$10.00. (LU code no. 19-12-87)

PSYCHIATRIC NURSING FOR GRADUATE NURSES

This course is designed to promote recognition of problems of the physically and/or emotionally ill and to develop a deeper understanding of the principles involved in establishing therapeutic relationships.

Instructor: Mrs. L. Lyss, Assistant Professor, School of Nursing.

Monday and Wednesday evenings 5:30 to 7:00 p.m. commencing Monday, September 29th, and continuing through the winter session.

Room 021 Library.

Fee: \$60.00 (LU code: 19-04-87)

PULP AND PAPER PROPERTIES AND FIBRE MICROSCOPY

How the quality of paper and its printing properties are affected by refining pulp and by the addition of rosin, starch and fillers to the pulp. Laboratory sessions to evaluate the physical, chemical and optical properties of unknown paper samples, and so to identify them. Microscopic examination of softwood and hardwood fibres at different stages in pulping and refining, use of the microscope for dirt classification, fibre composition of paper, slime and pitch identification, metallic failures, coating imperfections, examination of wires, felts and printed surfaces.

Instructor: Mr. A. Bruley, Assistant Professor, School of Engineering.

30 weeks commencing Tuesday, September 30th.

Room 126.1 — Centennial Building.

Fee: \$60.00 Course limit: 20 students. (LU code 19-14-87)

THE HEAVENS ABOVE US

How much do we think we know about the universe which is all about us? Most of us at one time or another wish we had a powerful telescope so that we could see the heavens more clearly and thus know more about the moon, the planets and the stars. Lacking a 200" telescope and a guarantee of perfectly clear nights, the next best thing is to see what you might have seen through a collection of slides. The lecturer will also sketch a picture of present opinions on the nature, origin and evolution of planets, stars, and galaxies. No previous knowledge of astronomy is assumed.

Lecturer: Dr. J. S. Griffith, Assistant Professor, Department of Mathematics. Formerly Assistant Lecturer, Astronomy Department, University of Glasgow and the Nautical Almanac Office, Royal Greenwich Observatory.

Monday evenings at 7:30 commencing Monday, January 12th, 1970 for ten weeks.

Room 1035, Main Building.

Fee: \$10.00 (LU code no 19-15-87)

TELEVISION ARTS

An introduction to the fundamentals of television production and direction. Included will be basic lighting, camera work, sound recording, video recording and editing, set design, scripting and script forms, shot listing and conventions, rhythm and pace in presentation, specialist programming and instructional techniques. The students in the course will be expected to act as crew, to write, script, and produce a short program each, and to evaluate their own and the work of others.

Instructors: Mr. P. G. Wesley, and Mr. J. Ogden.

Registration: Not later than December 1, 1969. Maximum enrollment: 10.

Time and Place: For three hours an evening in the television studio, Main Building, commencing on a date in January mutually agreeable to staff and students for 10 weeks.

Fee: \$50.00 (approximately \$10.00 more will be required for books).

(LU code: 19-17-87).

JAPAN TOUR

A study tour of Japan from May 12 to June 4th, 1970, sponsored by the Extension Department of the Ontario universities. The tour will be preceded by a brief orientation and oral Japanese course. For further details and a brochure contact Director of Extension, Lakehead University.

Tour Director: Professor Klaus Pringsheim, McMaster University.

Cost: \$1,200.00 including return air fare from Toronto, hotel, meals, tips, and transportation while in Japan; and the local orientation and oral Japanese course.

Registrations and deposit of \$200.00 must be in not later than October 13, 1969.

(LU code no. 19-13-87).

FACULTY EXTENSION COMMITTEE

Dr. P. Sarbadhikari (Chairman)

Mr. A. Cloutier, Languages

Mr. M. Greenwood, Sociology - Anthropology

Mr. S. R. MacGillivray, English

Dr. C. S. Ripley, Philosophy

Miss V. Taylor, Geography

Mr. P. Wesley, Psychology

Dr. E. Zimmermann, History

Mr. T. Ryan, Dean of Arts

Mr. D. E. Ayre, Registrar

Mr. K. L. Morrison, Director of Extension
