LAKEHEAD UNIVERSITY

PRESIDENTS MESSAGE

As President of Lakehead University, I extend warmest greetings to all participants and guests of the CIAU Women's Basketball Championships.

I would like to welcome athletes, coaches, parents and guests who have travelled from all parts of Canada to participate in this wonderful event at the Thunderdome. I hope your visit to Lakehead University will be an exciting and memorable one.

In addition to the quality basketball being played over the next few days, I invite all to sample what Lakehead University and the Thunder Bay community in this beautiful Lake Superior region have to offer.

Good luck and best wishes for a successful tournament.

Sincerely,

Dr. Bob Rosehart
President
Lakehead University

En tant que Président de l'université Lakehead, je voudrais accueillir chaleureusement tous les participants et invités au Championnat de ballon panier USIC féminin.

J'aimerais souhaiter le bienvenue aux athlètes, entraîneurs, parents et invités qui ont voyagé de différents endroits du Canada pour venir participer à cet événement merveilleux au Thunderdome.

En plus d'une qualité exceptionnelle de ballon panier jouée durant les prochains jours, je vous invite à découvrir ce que l'université Lakehead, la communauté de Thunder Bay et cette merveilleuse région du lac Supérieur a à vous offrir.

Bonne chance et meilleurs vœux de succès durant le tournoi.

Sincèrement,

Dr. Bob Rosehart
Président
L'université Lakehead

Minister of Communications

Ministre des Communications

Message from
Michel Dupuy, P.C., M.P.
Minister of Canadian Heritage

Message de
Michel Dupuy, C.P., député
Ministre du Patrimoine canadien

I am very pleased to send greetings to all those participating in the women's basketball event, organized by the Canadian Interuniversity Athletic Union as part of a national competition program for men and women athletes. Lakehead University is to be commended for its contribution to the success of the series.

Sport is a key element in Canadian life. The strength, skill and determination characterized by athletic endeavour are attributes that have long been associated with the growth and development of Canada. Our young men and women athletes, who are committed to teamwork, the pursuit of excellence and fair play, personify the energy and spirit of Canada. Through their efforts, we all gain a sense of the values that are a common thread throughout our country and have meaning for all Canadians.

As Minister of Canadian Heritage, I am proud to offer my support and best wishes to our youth in Canadian universities, whose energy and time is being devoted to keeping sport a thriving tradition in Canada.

Je suis très heureux d'adresser mes salutations à toutes les participantes aux compétitions de basketball féminin organisées par l'Union sportive inter-universitaire canadienne, dans le cadre d'un programme national de compétition pour les hommes et les femmes. L'Université Lakehead mérite nos éloges pour sa contribution au succès de cette série de compétitions.

Le sport est un élément fondamental de la vie au Canada. La force, les aptitudes et la détermination caractérisées par les réalisations sportives sont des attributs qui ont longtemps été associés à la croissance et au développement du Canada. Nos jeunes athlètes féminins et masculins, qui ont à cœur l'esprit d'équipe, la recherche de l'excellence et l'esprit sportif, personnifient l'énergie et l'essence même du Canada. Grâce à leurs efforts, nous prenons conscience des valeurs qui sont communes à l'ensemble du pays et auxquelles tous les Canadiens et toutes les Canadiennes attachent de l'importance.

En ma qualité de ministre du Patrimoine canadien, je suis fier d'appuyer et d'encourager nos athlètes universitaires, lesquels consacrent leur temps et leur énergie à alimenter la tradition sportive canadienne.

Michel Dupuy

CIAU PRESIDENTS MESSAGE

PRESIDENT'S MESSAGE

1994-95 has been a unique year in amateur athletics right across Canada. With strikes in both major league baseball and hockey, we had a rare opportunity to garner more of the sports spotlight than in previous years and were able to showcase elite university competition to more fans than ever before. I would like to encourage my fellow athletic directors throughout the CIAU to work to maintain the momentum that we have gained and keep working to increase the profile of CIAU sports and athletes. Ultimately, this is one of the key steps, if not the key step, in maintaining the health and viability of CIAU sports well into the twenty-first century.

On behalf of the 46 member institutions of the Canadian Interuniversity Athletic Union, I would like to offer hearty congratulations to all competitors in these 1995 national championships and a sincere thank you to all who support Canadian university athletics as fans, sponsors and volunteers.

This will be my final championship season as president of the CIAU. I would like to thank my colleagues for their trust and support and wish them all the best of luck in preserving and enhancing opportunities for Canadian student athletes to train and study in their home country.

This is and always should be our most important objective!

B. Philip

MESSAGE DU PRÉSIDENT

Nul doute que l'année 1994-1995 fut unique dans l'histoire du sport amateur au Canada. La grève dans le base-ball majeur et le lock-out dans la Ligue nationale de hockey ont été des plus bénéfiques pour le sport universitaire et nous avons été en mesure d'offrir à un public toujours croissant des compétitions interuniversitaires de grande qualité. J'aimerais inciter tous les directeurs et directrices des sports à continuer le travail amorcé et à s'assurer que les sports et les athlètes de l'USIC conservent ou augmentent leur visibilité. C'est certainement l'une des mesures les plus importantes, sinon la plus importante, pour maintenir la viabilité de l'USIC et conserver le sport universitaire dans un état sain à l'aube du XXI^e siècle.

Au nom des 46 établissements membres de l'Union sportive interuniversitaire canadienne, j'aimerais féliciter de façon particulière tous les athlètes qui ont participé à ces championnats nationaux de 1995 et remercier chaleureusement tous ceux et celles qui ont donné leur appui au sport universitaire canadien au cours de l'année, c'est-à-dire les partisans, les commanditaires et les bénévoles.

C'est ma dernière saison de championnat à titre de président de l'USIC. J'aimerais remercier mes collègues pour leur appui ainsi que la confiance qu'ils ont montrée envers moi. Je leur souhaite bonne chance dans leurs efforts pour améliorer et créer des occasions d'entraînement et de compétition pour nos étudiants et étudiantes athlètes au pays.

C'est notre objectif le plus important et c'est bien ainsi!

B. Philip

Lakehead University

Lakehead University's campus is situated on approximately 150 hectares of scenic, wooded land overlooking the city of Thunder Bay. Most of the buildings are grouped around Lake Tamblyn, a man-made lake, with the residence complex hugging the banks of the McIntyre River. Many people take advantage of the paved trails leading into, out of and around the campus by walking, jogging, bicycling or, in the winter, cross-country skiing!

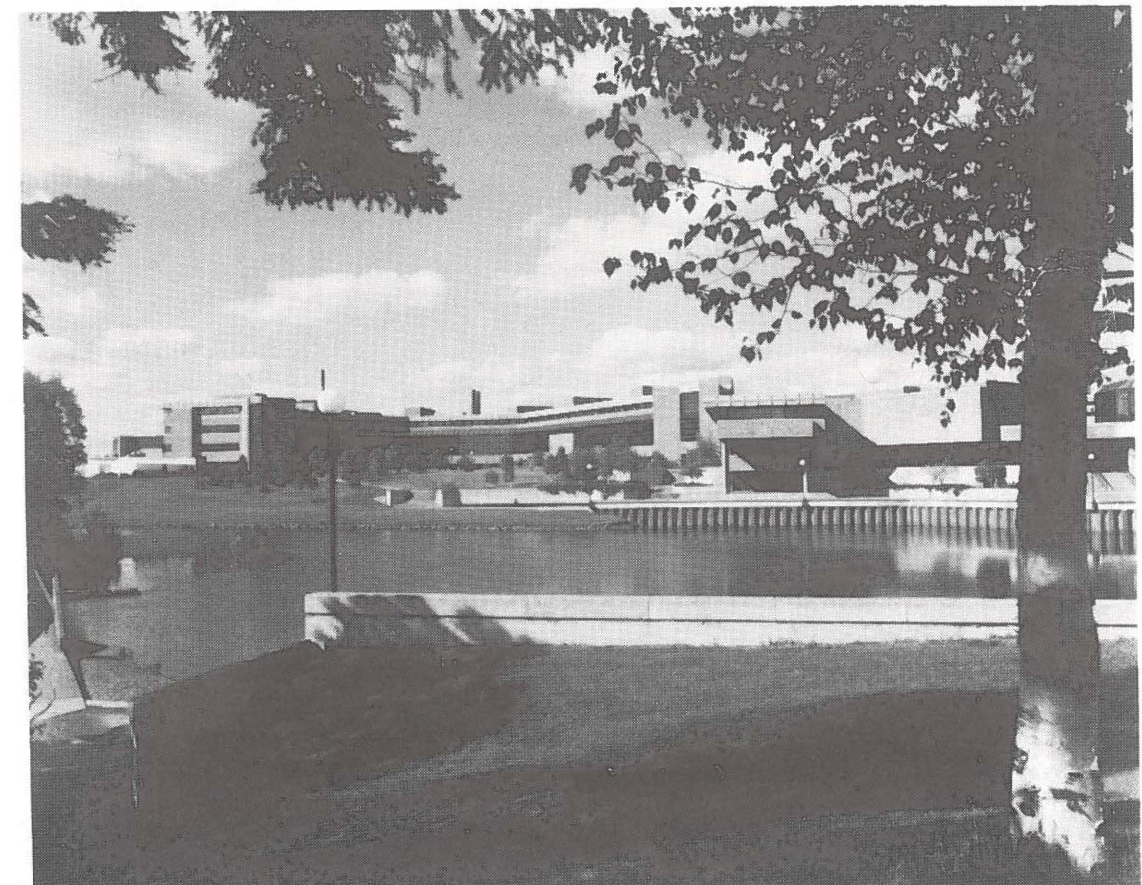

Set in the rugged beauty of Northwestern Ontario, Lakehead University offers a wide range of personal educational opportunities - including Kinesiology; Forestry; Business; Outdoor Recreation, Parks and Tourism; Engineering; Nursing; Education; and Arts and Science programs.

With an enrolment of almost 6000 full-time students, relatively small class sizes encourage communication between students and faculty. This allows the student greater opportunity for "hands-on" experience in labs, and easier accessibility to a wide range of facilities.

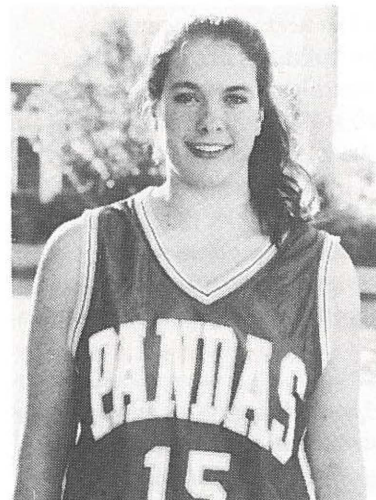

The Student Union offers each student the opportunity to become involved in academic, political and social affairs both on and off campus. The OUTPOST, an exciting events hall complete with restaurant, is one of the busiest places on campus.

A library housing 600,000 volumes, modern laboratories, extensive research facilities and lecture rooms all support the academic activities of the University. Many of the buildings are connected by underground tunnels for comfortable walking during inclement weather. In addition, the Alumni Bookstore, restaurants, a convenience store and Automatic Banking Machines are located on campus.

Lakehead offers the unbeatable combination of quality education and one of the most beautiful locations in Canada - Thunder Bay.

"Refuse To Be Ordinary"

The convocation audience had a good laugh when Peter Mansbridge said he once thought higher education meant going to high school.

When the CBC anchorman received his first honorary degree at Lakehead University in 1989, he issued his now-famous challenge: "Refuse To Be Ordinary".

If you, a friend or relative are thinking of a further challenge, why not call Lakehead University.
